**PREMIUM QUALITY AT
COMPETITIVE PRICES**

At Evolution we specialise in PREMIUM WOODSCREWS with a wide variety of sizes- from #4 x 1/2" right up to #12 x 4". They are designed for use in a hardwood environment and will not split, pop or crack wood. Nor will they mar surfaces, bend or overdrive.

Our woodscrews are produced using Twinfast™ thread form and are flat head countersunk screws with a Pozi drive and coated in bright zinc plating.

FEATURES AND BENEFITS INCLUDE:

- Clean, smooth, low torque installation.
- Deep Pozi-drive recess guarantees fast, efficient fastening.
- Countersunk head protects the item being fixed.
